notes

we've "pined" over this grape for years...and finally got the planets to line up. front loaded with stone fruit and citrus (on the nose and palate), the wine's "fleshy-ness" and bright acidity keep things crisp and refreshing. the finish sticks around for a bit longer than you might expect.

about

we are a family-owned, craft winery committed to making small-lot wines from the best vineyards we can find in lodi, clarksburg and the sierra foothills. in a lot of ways, that's kind of our mission statement...and one that we are absolutely, fundamentally passionate about.
